

OEM Service and Customization for Condensing Unit Parts in Commercial Refrigeration

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Brand Name: DM
- Certification: CE;ISO
- Model Number: DM-UNIT-FNU
- Minimum Order Quantity: 1
- Price: \$2000~\$100000
- Packaging Details: Wooden Case
- Delivery Time: 30 Work Days
- Payment Terms: T/T;L/C
- Supply Ability: 1000000pcs/year

Product Specification

- Power Source: 3Phase
- Commercial Refrigeration: HVAC&R Cooling Units
- Compressor Power: 1~40 HP
- Compressor: HIGHLY Rotor Inverter Compressor
- Use Nature: Commercial Refrigeration
- Evaporator Fan Motor: ECM
- Type: Air-cooled
- Electricity Required: 3P-380V-50HZ,if Other,please Notice!
- Highlight: **OEM Condensing Unit Parts,
Commercial Refrigeration Condensing Unit
Parts
, Customization Condensing Unit Parts**

Product Description

DM-Air Cooler/Evaporator

DM Air Cooler is the four-air-outlet air cooler is specifically engineered for large cold storage rooms requiring uniform temperature distribution. Featuring a triple-directional airflow design, this unit ensures even cooling across wide spaces, minimizing temperature gradients and improving overall storage efficiency. Built with high-quality aluminum fins and copper tubing, it delivers excellent heat exchange performance while maintaining low energy consumption. Ideal for medium to low temperature applications, this air cooler combines reliability, durability, and ease of maintenance.

Product Description:

Built for Performance and Reliability: This V-Type dual-fan air-cooled condensing unit is designed to deliver high refrigeration capacity while effectively dissipating heat. The innovative V-shaped condenser design optimizes surface area and airflow to improve cooling efficiency, especially in elevated ambient temperatures.

Enhanced Cooling Efficiency: The unit is equipped with a high-quality compressor, axial fans, and a weather-resistant housing to ensure stable operation across a wide range of commercial and industrial refrigeration applications. The combination of these components enhances the overall performance and reliability of the system.

Features:

Efficient V-Shaped Design: The enlarged heat exchange area enhances cooling performance for superior efficiency.

Dual High-Speed Fans: Equipped with two high-speed fans, this system delivers strong airflow to ensure rapid heat dissipation.

Reliable Compressor: Utilizing trusted brands such as Bitzer, Copeland, or equivalent, this unit guarantees stable operation and dependable performance.

Weather-Resistant Casing: The casing is galvanized and powder-coated to provide exceptional outdoor durability, withstanding various weather conditions.

Easy Installation & Maintenance: Featuring a compact structure with accessible components, this system offers hassle-free installation and maintenance for convenient use.

Energy Efficient: Optimized for low power consumption and high output, this unit is designed to be energy-efficient, saving on operational costs while delivering excellent performance.

Zhejiang Damai Cold Chain Equipment Co.,Ltd.

Zhejiang Damai Cold Chain Equipment Co., Ltd., is a leading manufacturer of refrigeration units, like condensers, air coolers, all kinds of units, and solution provider for cold storage rooms.

We, Damai Cold Chain, are located in Zhejiang Province China, already supplied our machines, designing and installation services to more than 80 countries and districts clients in the world.

At present, we can supply clients for Bitzer, Copeland, Danfoss, Carrier, Damai and other brands compressors and refrigeration units, we also can supply clients for OEM & ODM service.

We want to establish a bright future with potential partners together!

Technical Parameters:

Evaporator Fan Motor	ECM
Trademark	DM
Commercial Refrigeration	HVAC&R Cooling Units
Electricity Required	3P-380V-50HZ,if Other,please Notice!
Machinery Test Report	Provided
Indoor Machine Noise	36-49dB
Power Source	3Phase
Compressor Power	1~40 HP
Warranty	1 Years Limited
Compressor	HIGHLY Rotor Inverter Compressor

Applications:

Ideal for a variety of environments, our product is perfect for cold rooms, freezer storage, food processing plants, supermarkets, and logistics centers. It is suitable for both medium and low-temperature applications including meat, seafood, frozen foods, dairy, and pharmaceuticals.

Our product is specially designed for long-term outdoor use in a range of climates, making it a versatile and reliable option for your business needs.

Customization:

Product Customization Services for Commercial Refrigeration Condensing Unit:

- Brand Name: DM
- Model Number: DM-UNIT-FNU
- Place Of Origin: China
- Certification: CE;ISO
- Minimum Order Quantity: 1
- Price: \$2000~\$100000
- Packaging Details: Wooden Case
- Delivery Time: 30 Work Days
- Payment Terms: T/T;L/C
- Supply Ability: 100000pcs/year
- Use Nature: Commercial Refrigeration
- Commercial Refrigeration: HVAC&R Cooling Units
- Compressor: HIGHLY Rotor Inverter Compressor
- Evaporator Fan Motor: ECM
- OEM Service: Yes

Support and Services:

Our Product Technical Support and Services for the Condensing Unit include:

- Installation assistance for proper setup of the unit
- Troubleshooting guidance for any issues that may arise
- Regular maintenance recommendations to ensure optimal performance
- Warranty support for covered components
- Product training and resources for customers and technicians

FAQ:

Q: What is the brand of the condensing unit?

A: The brand of the condensing unit is DM.

Q: What is the model number of the condensing unit?

A: The model number of the condensing unit is DM-UNIT-FNU.

Q: Where is the condensing unit manufactured?

A: The condensing unit is manufactured in China.

Q: What certifications does the condensing unit have?

A: The condensing unit is certified with CE and ISO.

Q: What are the payment terms for purchasing the condensing unit?

A: The payment terms for purchasing the condensing unit are T/T and L/C.
