## Product Description:

Zhejiang Damaï Cold Chain Equipment Co., Ltd. is a company that specializes in the production of high-performance air-cooled unit coolers tailored for cold storage purposes. These unit coolers are equipped with axial fans, high-efficiency aluminum fins, and copper tubes to ensure quick and even air circulation.

Our unit coolers are thoughtfully designed to meet the needs of cold storage applications, providing optimal cooling solutions for various industries. The combination of axial fans, aluminum fins, and copper tubes enables efficient and uniform distribution of air within the cold storage environment.

## Features:

Fast cooling is achieved through the use of optimized airflow, ensuring efficient and effective performance.

A corrosion-resistant coating enhances durability, resulting in a longer lifespan for the product.

The low noise and energy-efficient axial fans not only provide a quiet cooling experience but also help to save energy.

Installation and maintenance are made easy, making the product user-friendly and convenient to use.

This product is compatible with a variety of refrigerants, offering flexibility and compatibility with different systems.

## Zhejiang Damaï Cold Chain Equipment Co.,Ltd.

Zhejiang Damaï Cold Chain Equipment Co., Ltd., is a leading manufacturer of refrigeration units, like condensers, air coolers, all kinds of units, and solution provider for cold storage rooms.;

We, Damaï Cold Chain, are located in Zhejiang Province China, already supplied our machines, designing and installation services to more than 80 countries and districts clients in the world.;

At present, we can supply clients for Bitzer, Copeland, Danfoss, Carrier, Damaï and other brands compressors and refrigeration units, we also can supply clients for OEM & ODM service.;

We want to establish a bright future with potential partners together!;
