

4m3/min Air Delivery Piston Air Compressor Belt Driven Transmission Way Air Cooling Method for Cooling Needs

Basic Information

Brand Name: DMCertification: CE;ISO

Model Number: DM-YSJ

 Minimum Order Quantity:

• Delivery Time:

Price: \$200~\$100000Packaging Details: Wooden Case

• Payment Terms: T/T

• Supply Ability: 100000pcs/year

Product Specification

Motor: Aluminium/ Copper Wire

30 Work Days

Air Delivery: 4m3/minTransmission Way: Belt DrivenWorking Pressure: 5 Bar

Condition: NewMotor Speed: 790RMP

• Diemnsion: 700*350*350 Mm

Cooling Method: Air Cooling

Highlight: Air Cooling Piston Air Compressor,

4m3/min Piston Air Compressor, Belt Driven Piston Air Compressor

Product Description:

Main Machine Configurations

- 3. Crankshaft
- 4. Connecting Rod
- 5. Valve System
- 6. Bearings
- 7. Lubrication System
- 8. Cooling System
- 9. Flywheel
- 10. Oil Pump
- 11. Gaskets and Seals

Features:

- 1. Can achieve high compression ratios, making it suitable for high-pressure applications.
- ${\bf 2.}\ Used\ in\ various\ industries, including\ refrigeration, air\ conditioning, and\ gas\ compression.$
- 3. Maintains good efficiency even under varying load conditions.
- 4. Robust design ensures long service life with proper maintenance.
- 5. Simple structure allows for convenient servicing and replacement of parts.
- 6. Can compress different types of gases, including air, refrigerants, and industrial gases.

Technical Parameters:

Cylinder Number: 2-3. Displacement Volume: 12.2-54m³/h

Crankcase Heater: 120kw Refrigeration Oil: Suniso 3gs

Weight: 63-175kg Norminal Power: 2-25HP

Applications:

Applications of Piston Compressors:

Refrigeration and Air Conditioning - Piston compressors are commonly used in household refrigerators, commercial freezers, and HVAC

systems.

Industrial Manufacturing - These compressors are crucial for providing compressed air to power machinery, tools, and automation systems in industrial settings.

Ultra Efficient Turbo Compressor for Outstanding High Performance Industrial Applications

The Ultra Efficient Turbo Compressor is designed for exceptional performance in industrial applications, boasting high efficiency and reliability. This compressor is ideal for various industrial processes where compressed air is essential for optimal operations.

Customization:

Product Customization Services for DM Piston Air Compressor

Brand Name: DM Model Number: DM-YSJ Place Of Origin: Made In China Packaging Details: Wooden Case Delivery Time: 30 Work Days Payment Terms: T/T

Supply Ability: 100,000 pcs/year Cooling Method: Air Cooling Motor: Aluminium/ Copper Wire Dimension: 700*350*350 mm

Condition: New Air Delivery: 4m3/min

Keywords: Industrial Air Compressor, Air Compressor System, Air Compressor For Pneumatic Tools

FAQ:

- Q: What is the brand name of this Piston Air Compressor?
- A: The brand name is DM.
- Q: What is the model number of this Piston Air Compressor?
- A: The model number is DM-YSJ.
- Q: Where is this Piston Air Compressor made?
- A: This product is made in China.
