

Commercial Evaporative Air Cooler with Iron/Galvanized Steel/Stainless Steel Housing Material

Basic Information

Brand Name: DM

• Certification: CE ISO

Model Number: DM-COOLER-DD/DJ/DL

Minimum Order

Quantity:

Price: 1000-100000Packaging Details: Customization

Delivery Time: 20dayPayment Terms: TT,L/C

• Supply Ability: 300000/Year

Product Specification

Col: Copper Fin Type Heat Exchanger

Category: EvaporatorCooling Type: Counter FlowCapcity: 2KW~83.6KW

Defrost:
 Hot Gas, Electric, Water

Expansion Valve: DanfossHs Code: 8418991000Dimensions: Custom

Experience the Power of Pure Refreshing Air with DaMai Air-Cooled Air Cooler

DaMai Air-Cooled Air Cooler

a perfect blend of performance, elegance, and innovation. Designed to deliver a powerful cooling experience with energy efficiency in mind, this advanced air cooler harnesses the natural force of wind and water to provide a refreshing breeze that revitalizes your space. With its sleek design and whisper-quiet operation, the DaMai cooler is ideal for homes, offices, and industrial environments alike. Engineered with cutting-edge air-cooling technology, it ensures fast, even air distribution while maintaining eco-friendly performance and low operational costs.

Let DaMai transform your environment into a haven of comfort and freshness — naturally cool, effortlessly powerful.

Product Description:

Our air cooler, also referred to as an air-cooled evaporator, plays a vital role in cold storage setups. This crucial component is specifically engineered to effectively extract heat from the cold room and consistently uphold a low temperature. Crafted with top-grade copper tubes and aluminum fins, our air coolers are renowned for their exceptional cooling efficiency, reliability, and energy-saving capabilities.

Features:

High Efficiency:

Optimized coil design with excellent heat exchange efficiency.

Durable Structure:

Anti-corrosion aluminum fins and galvanized or stainless steel casing for long service life.

Low Noise Operation:

Quiet axial fans ensure smooth airflow with minimal noise.

Easy Installation:

Compact design suitable for ceiling mounting; quick and easy to install.

Wide Temperature Range:

Suitable for both medium and low temperature cold rooms (-5°C to -25°C).

Multiple Models Available:

We offer different sizes and capacities to match various refrigeration needs.

Technical Parameters:

Customized	Acceptable
Area	5 - 410m2
Housing Material	Iron/galvanized Steel/stainless Steel
Hs Code	8418991000
Category	Evaporator
Transport Package	Transport Package
Capacity	2KW~83.6KW
Defrost	Hot Gas, Electric, Water
Ss Casing	Optional
Cooling Type	Counter Flow

Applications:

Fresh food storage, including fruits, vegetables, meat, and seafood, is crucial for maintaining their quality and ensuring they remain safe for consumption. Proper storage conditions help to preserve the freshness and extend the shelf life of these perishable items. Frozen food warehouses play a significant role in the food supply chain by providing a dedicated space for storing frozen food products. These warehouses are equipped with refrigeration systems that maintain low temperatures to keep the frozen food items in optimal condition.

Pharmaceutical cold rooms are specialized storage facilities designed to store temperature-sensitive pharmaceutical products. These cold rooms are carefully controlled to maintain specific temperature ranges required for the safe storage of medications and vaccines. Supermarket cold display rooms are essential for showcasing chilled and frozen food items to customers. These display rooms are equipped with refrigeration units that keep the products at the right temperatures to ensure their freshness and quality. Food processing and preservation involve various methods and technologies to ensure the safety and longevity of food products. Proper refrigeration plays a vital role in these processes by controlling temperatures and preserving the quality of the food. Industrial refrigeration systems are used in diverse applications, ranging from food storage and processing facilities to large-scale warehouses and manufacturing plants. These systems are designed to provide efficient cooling solutions for commercial and industrial operations.

Customization:

Product Customization Services for the Cold Room Evaporator:

Brand Name: DM

Model Number: DM-COOLER-DD/DJ/DL Place Of Origin: China

Certification: CE ISO
Minimum Order Quantity: 1
Price: 1000-100000
Packaging Details: Customization
Delivery Time: 20 days
Payment Terms: TT I/C

Payment Terms: 7T, L/C
Supply Ability: 300000/Year
SS Casing: Optional
Expansion Valve: Danfoss
Dimensions: Custom

Coil: Copper Fin Type Heat Exchanger

Fan: Weiguang

Keywords: Cool Room Evaporators, Evaporator In Refrigeration System, Cold Room Air Cooler

Support and Services:

The Product Technical Support and Services for the Cold Room Evaporator include:

- Installation guidance and support
- Troubleshooting assistance
- Maintenance recommendations
- Repair services
- Warranty coverage information

FAQ:

- Q: What is the brand name of the Cold Room Evaporator?
- A: The brand name is DM.
- Q: What is the model number of the Cold Room Evaporator?
- A: The model number is DM-COOLER-DD/DJ/DL.
- Q: Where is the Cold Room Evaporator manufactured?
- A: The Cold Room Evaporator is manufactured in China.
- Q: What certifications does the Cold Room Evaporator have?
- A: The Cold Room Evaporator is CE and ISO certified.
- Q: What are the payment terms for purchasing the Cold Room Evaporator?
- A: The payment terms are TT (Telegraphic Transfer) and L/C (Letter of Credit).
