

Widely Used Cold Room Evaporator for Chemical Industry 9.52mm Tube Diameter Refrigeration Evaporator

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Brand Name: DM
- Certification: CE ISO
- Model Number: DM-COOLER-DD/DJ/DL
- Minimum Order Quantity: 1
- Price: 1000-100000
- Packaging Details: Customization
- Delivery Time: 20day
- Payment Terms: TT,L/C
- Supply Ability: 300000/Year

Product Specification

- Name: Refrigeration Evaporator
- Color: All Kinds
- Area: 5 - 410m²
- Dimensions: 600mm X 500mm X 400mm
- Tube Material: Copper
- Tube Diameter: 9.52mm
- Ambient Temperature: -35°C To 45°C
- Refrigerant: R404a

Product Description

Experience the Power of Pure
Refreshing Air with DaMai Air-Cooled Air Cooler

EVAPORATOR

DaMai Air-Cooled Air Cooler

a perfect blend of performance, elegance, and innovation. Designed to deliver a powerful cooling experience with energy efficiency in mind, this advanced air cooler harnesses the natural force of wind and water to provide a refreshing breeze that revitalizes your space.

With its sleek design and whisper-quiet operation, the DaMai cooler is ideal for homes, offices, and industrial environments alike. Engineered with cutting-edge air-cooling technology, it ensures fast, even air distribution while maintaining eco-friendly performance and low operational costs.

Let DaMai transform your environment into a haven of comfort and freshness — naturally cool, effortlessly powerful.

Product Description:

An air cooler, sometimes referred to as an air-cooled evaporator, serves as a critical element within refrigeration systems. This component finds extensive application in different categories of cold storage units, such as fresh-keeping rooms, freezer rooms, and low-temperature warehouses.

The primary function of the air cooler is to effectively extract heat from the designated storage area, thus facilitating the maintenance of a consistent and evenly distributed temperature within the space.

Features:

High-efficiency aluminum fins and copper tubes for superior heat exchange performance

Low noise axial fans for stable and quiet operation

Compact structure, easy installation and maintenance

Anti-corrosion coating available for humid or special environments

Optional defrosting modes: electric, hot gas, or water defrost

Zhejiang Damai Cold Chain Equipment Co.,Ltd.

Zhejiang Damai Cold Chain Equipment Co., Ltd., is a leading manufacturer of refrigeration units, like condensers, air coolers, all kinds of units, and solution provider for cold storage rooms.

We, Damai Cold Chain, are located in Zhejiang Province China, already supplied our machines, designing and installation services to more than 80 countries and districts clients in the world.

At present, we can supply clients for Bitzer, Copeland, Danfoss, Carrier, Damai and other brands compressors and refrigeration units, we also can supply clients for OEM & ODM service.

We want to establish a bright future with potential partners together!

Technical Parameters:

Dimensions	600mm X 500mm X 400mm
Name	Refrigeration Evaporator
Material	Aluminum/Steel/Stainless Steel
Widely Used	Chemical Industry, Light Industry
Refrigerant	R404a
Material of Fin	Aluminum
Application	Cold Storage, Freezer Room, Blast Freezer
Ambient Temperature	-35°C to 45°C
Housing Material	Iron/Galvanized Steel/Stainless Steel
Color	All Kinds

APPLICATION

Applications:

Cold Storage Solutions for Various Industries

When it comes to preserving perishable items, cold storage rooms play a crucial role in various industries. These rooms are designed to maintain specific temperatures to ensure the freshness and quality of goods. They are used for storing a wide range of products such as fruits, vegetables, dairy, meat, and seafood.

Pharmaceutical storage facilities are another key application of cold storage technology. These facilities are specially designed to store temperature-sensitive drugs and medical supplies in optimal conditions to prevent spoilage and ensure their effectiveness.

Flower preservation rooms are essential for maintaining the freshness and beauty of flowers. These rooms are equipped with the necessary temperature and humidity controls to extend the shelf life of flowers and keep them looking their best for longer periods.

In the logistics industry, cold chain centers are vital for ensuring the safe transportation of perishable goods from one point to another. These centers help maintain the integrity of the cold chain, ensuring that products remain at the required temperature throughout the shipping process.

Industrial and commercial refrigeration systems are used in various settings, including food processing plants, restaurants, and supermarkets. These systems are designed to provide reliable and efficient cooling solutions to meet the specific needs of different businesses and industries.

Customization:

Product Customization Services for Cold Room Evaporator:
Brand Name: DM

Model Number: DM-COOLER-DD/DJ/DL
Place Of Origin: China
Certification: CE ISO
Minimum Order Quantity: 1
Price: 1000-100000
Packaging Details: Customization
Delivery Time: 20 days
Payment Terms: TT, L/C
Supply Ability: 300000/Year
Color: All Kinds
Widely Used: Chemical Industry, Light Industry
Tube Material: Copper
Name: Refrigeration Evaporator
Cold Room Type: Blast Freezer
Keywords: Cold Room Air Cooler, Industrial Evaporator

Support and Services:

The Cold Room Evaporator is a high-quality refrigeration component designed to efficiently cool large storage spaces. Our product technical support team is dedicated to providing assistance with installation, troubleshooting, and maintenance of the evaporator unit. We offer a range of services to ensure optimal performance and longevity of your cold room system.

FAQ:

- Q: What is the brand name of the Cold Room Evaporator?
A: The brand name is DM.
- Q: What is the model number of the Cold Room Evaporator?
A: The model number is DM-COOLER-DD/DJ/DL.
- Q: Where is the Cold Room Evaporator manufactured?
A: The Cold Room Evaporator is manufactured in China.
- Q: What certifications does the Cold Room Evaporator have?
A: It is certified with CE and ISO.
- Q: What are the accepted payment terms for purchasing the Cold Room Evaporator?
A: The accepted payment terms are TT (Telegraphic Transfer) and L/C (Letter of Credit).
