

Top Performance Copper Tube Cold Room Evaporators for Light Industry

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Brand Name: DM
- Certification: CE ISO
- Model Number: DM-COOLER-DD/DJ/DL
- Minimum Order Quantity: 1
- Price: 1000-100000
- Packaging Details: Customization
- Delivery Time: 20day
- Payment Terms: TT,L/C
- Supply Ability: 300000/Year

Product Specification

- Material: Aluminum/steel/stainless Steel
- Dimensions: 600mm X 500mm X 400mm
- Cold Room Type: Blast Freezer
- Color: All Kinds
- Area: 5 - 410m²
- Material Of Fin: Aluminum
- Ambient Temperature: -35°C To 45°C
- Refrigerant: R404a

Product Description

Experience the Power of Pure
Refreshing Air with DaMai Air-Cooled Air Cooler

EVAPORATOR

DaMai Air-Cooled Air Cooler

a perfect blend of performance, elegance, and innovation. Designed to deliver a powerful cooling experience with energy efficiency in mind, this advanced air cooler harnesses the natural force of wind and water to provide a refreshing breeze that revitalizes your space.

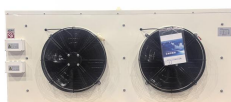

With its sleek design and whisper-quiet operation, the DaMai cooler is ideal for homes, offices, and industrial environments alike. Engineered with cutting-edge air-cooling technology, it ensures fast, even air distribution while maintaining eco-friendly performance and low operational costs.

Let DaMai transform your environment into a haven of comfort and freshness — naturally cool, effortlessly powerful.

Product Description:

The air cooler, which is also referred to as an air-cooled evaporator, serves as a crucial element in refrigeration systems and finds extensive applications in different categories of cold storage facilities like fresh-keeping rooms, freezer rooms, and low-temperature warehouses.

Its primary function lies in effectively extracting heat from the storage area and maintaining consistent temperature distribution.

Features:

High-efficiency aluminum fins and copper tubes for superior heat exchange performance

The product features high-efficiency aluminum fins and copper tubes that ensure superior heat exchange performance, resulting in improved overall efficiency.

Low noise axial fans for stable and quiet operation

Equipped with low noise axial fans, this product operates quietly and stably, offering comfort without any disruption.

Compact structure, easy installation and maintenance

With its compact structure, this product is easy to install and maintain, providing convenience and efficiency for users.

Anti-corrosion coating available for humid or special environments

An anti-corrosion coating option is available for use in humid or special environments, ensuring durability and longevity of the product.

Optional defrosting modes: electric, hot gas, or water defrost

For added flexibility, this product offers optional defrosting modes including electric, hot gas, or water defrost, allowing users to choose the most suitable method based on their specific needs.

Zhejiang Damai Cold Chain Equipment Co.,Ltd.

Zhejiang Damai Cold Chain Equipment Co., Ltd., is a leading manufacturer of refrigeration units, like condensers, air coolers, all kinds of units, and solution provider for cold storage rooms.

We, Damai Cold Chain, are located in Zhejiang Province China, already supplied our machines, designing and installation services to more than 80 countries and districts clients in the world.

At present, we can supply clients for Bitzer, Copeland, Danfoss, Carrier, Damai and other brands compressors and refrigeration units, we also can supply clients for OEM & ODM service.

We want to establish a bright future with potential partners together!

Technical Parameters:

Color	All Kinds
Name	Refrigeration Evaporator
Application	Cold Storage, Freezer Room, Blast Freezer
Material	Aluminum/steel/stainless Steel
Ambient Temperature	-35°C To 45°C
Cold Room Type	Blast Freezer
Area	5 - 410m2
Tube Diameter	9.52mm
Housing Material	Iron/galvanized Steel/stainless Steel
Dimensions	600mm X 500mm X 400mm

Applications:

Food cold storage rooms are designed to store various perishable goods such as fruits, vegetables, dairy products, meat, and seafood in controlled low temperatures to maintain their freshness and quality.

Pharmaceutical storage facilities are specialized spaces used to store medications and other pharmaceutical products under specific temperature and humidity conditions to ensure their efficiency and safety.

Flower preservation rooms are dedicated spaces equipped with regulated temperature and humidity levels to extend the lifespan of flowers and keep them fresh for longer periods.

Logistics cold chain centers play a crucial role in the transportation and storage of temperature-sensitive products throughout the supply chain, maintaining the integrity of perishable goods from production to consumption.

Industrial and commercial refrigeration systems are essential for various sectors, providing cooling solutions for manufacturing plants, warehouses, retail stores, and other commercial establishments to preserve products, improve processes, and ensure quality control.

Customization:

Product Customization Services for the Cold Room Evaporator:

Cold Room Air Cooler

Commercial Evaporative Air Cooler

Evaporator In Refrigeration System

Brand Name: DM

Model Number: DM-COOLER-DD/DJ/DL

Place Of Origin: China

Certification: CE ISO

Minimum Order Quantity: 1

Price: 1000-100000

Packaging Details: Customization

Delivery Time: 20 days

Payment Terms: TT, L/C

Supply Ability: 300000/Year

Tube Material: Copper

Material Of Fin: Aluminum

Ambient Temperature: -35°C To 45°C

Tube Diameter: 9.52mm

Color: All Kinds

Support and Services:

The Product Technical Support and Services for the Cold Room Evaporator product include:

- Installation assistance and guidance to ensure proper setup in your cold room facility.
- Troubleshooting support to address any operational issues or malfunctions that may arise.
- Maintenance tips and recommendations to keep your Cold Room Evaporator running efficiently.
- Warranty coverage and repair services for any defects or damages covered under the product warranty.
- Technical documentation and resources to help you better understand the features and functionalities of the Cold Room Evaporator.

FAQ:

- Q: What is the brand name of the Cold Room Evaporator?** -----
- A: The brand name is DM.
- Q: What are the model numbers available for the Cold Room Evaporator?**
- A: The model numbers available are DM-COOLER-DD, DM-COOLER-DJ, and DM-COOLER-DL.
- Q: Where is the Cold Room Evaporator manufactured?**
- A: The Cold Room Evaporator is manufactured in China.
- Q: What certifications does the Cold Room Evaporator have?**
- A: The Cold Room Evaporator is CE and ISO certified.
- Q: What is the minimum order quantity for the Cold Room Evaporator?**
- A: The minimum order quantity is 1 unit.
