

## All Electric Cold Room Evaporator 38.3KW Capacity R404A Electric Power Source

Our Product Introduction

for more products please visit us on [coldroomunit.com](http://coldroomunit.com)

### Basic Information

- Brand Name: DM
- Certification: CE ISO
- Model Number: DM-COOLER-DD/DJ/DL
- Minimum Order Quantity: 1
- Price: 1000-100000
- Packaging Details: Customization
- Delivery Time: 20day
- Payment Terms: TT,L/C
- Supply Ability: 300000/Year

### Product Specification

- Casing: Steel Plate With Plastic Spray
- Fin Color: White
- Coil Type: Copper Tube And Aluminum Fin
- Power: All Available
- Fan Quantity: 2
- Capacity: 38.3KW(R404A)
- Capacity: 10,000 BTU/hr
- Power Source: Electric
- Highlight: **Electric Power Source Cold Room Evaporator ,  
R404A Cold Room Evaporator ,  
38.3KW Cold Room Evaporator**

### DM-Air Cooler/Evaporator

**DM Air Cooler** is the three-air-outlet air cooler is specifically engineered for large cold storage rooms requiring uniform temperature distribution. Featuring a triple-directional airflow design, this unit ensures even cooling across wide spaces, minimizing temperature gradients and improving overall storage efficiency. Built with high-quality aluminum fins and copper tubing, it delivers excellent heat exchange performance while maintaining low energy consumption. Ideal for medium to low temperature applications, this air cooler combines reliability, durability, and ease of maintenance.

### Product Description:

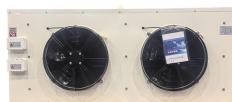

Zhejiang Damae Cold Chain Equipment Co., Ltd. takes pride in presenting a top-tier selection of air coolers, which are commonly referred to as air-cooled evaporators. These units are meticulously designed for use in cold storage settings, exhibiting exceptional performance characteristics. Crafted with precision engineering and constructed for long-lasting durability, our air coolers facilitate effective heat exchange and dependable temperature regulation. As a result, they play a crucial role in maintaining the ideal conditions for preserving perishable items.

~~~~~html

Our air coolers are tailor-made for applications in cold storage facilities, where the stringent requirements of temperature control are paramount. With their efficient design and robust construction, they are adept at managing the thermal conditions within these environments. The superior performance of our air coolers ensures that perishable goods are stored optimally and kept in pristine condition. Customers can rely on our products to provide consistent and reliable operation, safeguarding the quality and shelf-life of their stored items.

~~~~~html

At Zhejiang Damae Cold Chain Equipment Co., Ltd., we offer a comprehensive lineup of air coolers that meet the demanding needs of cold storage operations. Designed to deliver exceptional cooling efficiency and precise temperature management, our air coolers are an integral part of the cold chain infrastructure. By choosing our air coolers, customers can benefit from advanced features that support the effective preservation of perishable products, thereby ensuring the integrity and freshness of their inventory.

### Features:

**High-Efficiency Heat Exchange:** Utilizes advanced aluminum finned copper tubes for fast and uniform cooling performance.

**Low Noise Operation:** Equipped with high-quality, low-noise axial fans to ensure quiet and stable operation.

**Corrosion-Resistant Structure:** Galvanized or coated casing options for enhanced durability in humid or low-temperature environments.

**Easy Maintenance:** Detachable side panels and user-friendly design for convenient cleaning and servicing.

**Flexible Installation:** Suitable for various ceiling-mounted configurations to maximize cold room space.

## Zhejiang Damai Cold Chain Equipment Co.,Ltd.

Zhejiang Damai Cold Chain Equipment Co., Ltd., is a leading manufacturer of refrigeration units, like condensers, air coolers, all kinds of units, and solution provider for cold storage rooms.

We, Damai Cold Chain, are located in Zhejiang Province China, already supplied our machines, designing and installation services to more than 80 countries and districts clients in the world.

At present, we can supply clients for Bitzer, Copeland, Danfoss, Carrier, Damai and other brands compressors and refrigeration units, we also can supply clients for OEM & ODM service.

We want to establish a bright future with potential partners together!

Technical Parameters:

|                       |                                |
|-----------------------|--------------------------------|
| Coil Type             | Copper Tube And Aluminum Fin   |
| Casing                | Steel Plate With Plastic Spray |
| Fin Color             | White                          |
| Standard Power Supply | 380V-3phase-50hz               |
| Fan Quantity          | 2                              |
| Defrost               | Electrical Type                |
| Transport Package     | Transport Package              |
| Key Words             | Air Cooler                     |
| Fin Material          | Aluminum                       |
| Capacity              | 10,000 BTU/hr                  |

Applications:

Cold storage warehouses

Cold storage warehouses are facilities designed to maintain a low temperature to preserve products such as perishable foods, pharmaceuticals, and other sensitive items. These warehouses typically have large refrigerated spaces that can store products for extended periods without compromising their quality.

Walk-in freezers and chillers

Walk-in freezers and chillers are essential components of cold storage systems. They provide controlled environments for storing items at specific temperatures. Walk-in freezers are used for deep-freezing products, while chillers maintain a cool but not freezing temperature for items like fruits, vegetables, and dairy products.

Food processing and preservation facilities

Food processing and preservation facilities are equipped with specialized equipment and technologies to handle food products safely. These facilities often include processing areas, packaging lines, and cold storage units to ensure the quality and safety of food products throughout the production and storage processes.

Pharmaceutical storage rooms

Pharmaceutical storage rooms are designed to meet strict temperature and humidity requirements for storing medications, vaccines, and other pharmaceutical products. These rooms are crucial for maintaining the efficacy and safety of pharmaceuticals, as temperature fluctuations can affect the stability of these products.

Fruit, vegetable, meat, and seafood storage

Storage of fruits, vegetables, meat, and seafood requires specific temperature and humidity control to prevent spoilage and maintain freshness. Cold storage facilities play a crucial role in extending the shelf life of these perishable items and ensuring they reach consumers in optimal condition.

## Customization:

Product Customization Services for the Cold Room Evaporator: .....

Brand Name: DM

Model Number: DM-COOLER-DD/DJ/DL

Place Of Origin: China

Certification: CE ISO

Minimum Order Quantity: 1

Price: 1000-100000

Packaging Details: Customization

Delivery Time: 20 days

Payment Terms: TT, L/C

Supply Ability: 300000/Year

Temperature: High, Medium, Low Temperature

Capacity: 10,000 BTU/hr

Power: All Available

Fan Quantity: 2

Fin Color: White

Keywords: Commercial Evaporative Air Cooler, Industrial Evaporator, Evaporation Air Cooler

## Support and Services:

Product Technical Support and Services for Cold Room Evaporator: .....

Our Cold Room Evaporator product is backed by comprehensive technical support and services to ensure optimal performance and efficiency. Our team of experts is available to assist with installation, troubleshooting, and maintenance to help you get the most out of your equipment. We offer training programs, product manuals, and online resources to support our customers in maximizing the lifespan and effectiveness of their Cold Room Evaporator. For any technical inquiries or service requests, please reach out to our dedicated support team for prompt assistance.

## FAQ:

Q: What is the brand name of the Cold Room Evaporator?

A: The brand name is DM.

Q: What is the model number of the Cold Room Evaporator?

A: The model number is DM-COOLER-DD/DJ/DL.

Q: Where is the Cold Room Evaporator manufactured?

A: It is manufactured in China.

Q: What certifications does the Cold Room Evaporator have?

A: It is certified with CE and ISO.

Q: What is the minimum order quantity for the Cold Room Evaporator?

A: The minimum order quantity is 1.
