

## Slotted Fin Cold Room Evaporators The Optimal Solution for Air Cooling

Our Product Introduction

for more products please visit us on [coldroomunit.com](http://coldroomunit.com)

### Basic Information

- Brand Name: DM
- Certification: CE ISO
- Model Number: DM-COOLER-DD/DJ/DL
- Minimum Order Quantity: 1
- Price: 1000-100000
- Packaging Details: Customization
- Delivery Time: 20day
- Payment Terms: TT,L/C
- Supply Ability: 300000/Year

### Product Specification

- Tube Material: Copper
- Casing Material: Galvanized Steel
- Series: DD/DJ/DL
- Noise Level: Low
- Tyoe: Air Cooler
- Fin Type: Slotted Fin
- Key Words: Air Cooler
- Product Type: Air Cooler
- Highlight: **Air Cooling Cold Room Evaporators,  
Slotted Fin Cold Room Evaporators,  
Optimal Solution Cold Room Evaporators**

## Product Description

Experience the Power of Pure  
Refreshing Air with DaMai Air-Cooled Air Cooler

## EVAPORATOR

### *DaMai Air-Cooled Air Cooler*

a perfect blend of performance, elegance, and innovation. Designed to deliver a powerful cooling experience with energy efficiency in mind, this advanced air cooler harnesses the natural force of wind and water to provide a refreshing breeze that revitalizes your space.

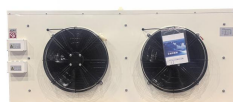

With its sleek design and whisper-quiet operation, the DaMai cooler is ideal for homes, offices, and industrial environments alike. Engineered with cutting-edge air-cooling technology, it ensures fast, even air distribution while maintaining eco-friendly performance and low operational costs.

Let DaMai transform your environment into a haven of comfort and freshness — naturally cool, effortlessly powerful.

## Product Description:

This air-cooled evaporator is specifically engineered for cold storage purposes. It boasts a streamlined design, outstanding heat exchange efficiency, and straightforward installation process.

Crafted for deployment in cold rooms operating at medium to low temperatures, this unit delivers consistent and even cooling, thereby maintaining ideal storage environments for perishable items.

## Features:

### **High-efficiency aluminum fins and copper tubes for enhanced heat transfer**

Our system features high-efficiency aluminum fins and copper tubes that are designed to greatly improve heat transfer capabilities.

### **High-performance external rotor fans with low noise and strong airflow**

The high-performance external rotor fans included with our product are engineered to provide a strong airflow while operating quietly to minimize noise disturbances.

### **Powder-coated or stainless steel casing for corrosion resistance and durability**

To ensure longevity, our system comes with a choice of powder-coated or stainless steel casings that are resistant to corrosion and offer exceptional durability.

### **Built-in electric defrosting system (optional)**

For added convenience, our system can be equipped with an optional built-in electric defrosting system, making it easy to manage icing and frost accumulation.

### **Customizable coil size, fan configuration, and voltage options**

We provide the flexibility of customizing the coil size, fan configuration, and voltage options to tailor our system to your specific requirements and preferences.

### **Easy maintenance and long service life**

Our system is designed for ease of maintenance to ensure hassle-free upkeep, while also offering a long service life for lasting performance and reliability.

## Zhejiang Damai Cold Chain Equipment Co.,Ltd.

Zhejiang Damai Cold Chain Equipment Co., Ltd., is a leading manufacturer of refrigeration units, like condensers, air coolers, all kinds of units, and solution provider for cold storage rooms.

We, Damai Cold Chain, are located in Zhejiang Province China, already supplied our machines, designing and installation services to more than 80 countries and districts clients in the world.

At present, we can supply clients for Bitzer, Copeland, Danfoss, Carrier, Damai and other brands compressors and refrigeration units, we also can supply clients for OEM & ODM service.

We want to establish a bright future with potential partners together!

Technical Parameters:

Heat Transfer Efficiency	High
Product Type	Air Cooler
Tube Material	Copper
Fan Qty	1~4
Fan Type	Axial Fan
Material Of Fin	Material Of Fin
Fin Type	Slotted Fin
Series	DD/DJ/DL
Noise Level	Low
Type	Air Cooler

Applications:

Food cold storage involves the preservation of various types of perishable items such as meat, seafood, vegetables, and dairy products. These storage facilities are designed to maintain low temperatures to extend the shelf life of these products and ensure their quality and safety.

Pharmaceutical storage rooms are specialized facilities used to store drugs, vaccines, and other medical products that require specific temperature controls. These rooms are designed to meet strict regulatory standards to ensure the efficacy and safety of the stored pharmaceuticals.

Cold chain logistics centers play a crucial role in the transportation and distribution of temperature-sensitive goods. These centers are equipped with temperature-controlled storage areas and transportation vehicles to maintain the integrity of the products throughout the supply chain.

Supermarket refrigerated rooms are essential for storing perishable items such as fresh produce, dairy products, and meats in retail environments. These refrigerated rooms help supermarkets to offer a wide range of fresh products to customers while maintaining their quality and ensuring food safety.

Agricultural produce preservation involves the use of cold storage facilities to prolong the shelf life of fruits, vegetables, and other agricultural products. By storing produce in controlled temperature environments, farmers and distributors can reduce spoilage, minimize waste, and ensure a fresh supply of agricultural products for consumers.

## Customization:

Product Customization Services for the Cold Room Evaporator: .....

Brand Name: DM

Model Number: DM-COOLER-DD/DJ/DL

Place Of Origin: China

Certification: CE ISO

Minimum Order Quantity: 1

Price: 1000-100000

Packaging Details: Customization

Delivery Time: 20 days

Payment Terms: TT, L/C

Supply Ability: 300000/Year

Fan Qty: 1~4

Heat Transfer Efficiency: High

Tube Material: Copper

Capacity: 2.4KW

Key Words: Air Cooler

Keywords: Evaporation Air Cooler, Air Cooled Evaporator, Cold Room Air Cooler

## Support and Services:

The Cold Room Evaporator product offers comprehensive Product Technical Support and Services to ensure optimal performance and customer satisfaction. Our dedicated technical support team is available to assist with installation, troubleshooting, and maintenance of the Cold Room Evaporator. Additionally, we provide training programs to educate users on the proper use and care of the product. Our service offerings include regular maintenance checks, repairs, and replacement parts to keep the Cold Room Evaporator functioning at its best. Trust our experienced team to provide top-notch technical support and services for your Cold Room Evaporator needs.

## FAQ:

**Q: What is the brand name of the Cold Room Evaporator?** -----

A: The brand name is DM.

**Q: What are the different model numbers available for the Cold Room Evaporator?**

A: The model numbers available are DM-COOLER-DD, DM-COOLER-DJ, and DM-COOLER-DL.

**Q: Where is the Cold Room Evaporator manufactured?**

A: The Cold Room Evaporator is manufactured in China.

**Q: What certifications does the Cold Room Evaporator have?**

A: The Cold Room Evaporator is certified with CE and ISO.

**Q: What is the minimum order quantity for the Cold Room Evaporator?**

A: The minimum order quantity is 1.
