

Slotted Fin Cold Room Evaporator Made with Galvanized Steel Casing and Copper Tube

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Brand Name: DM
- Certification: CE ISO
- Model Number: DM-COOLER-DD/DJ/DL
- Minimum Order Quantity: 1
- Price: 1000-100000
- Packaging Details: Customization
- Delivery Time: 20day
- Payment Terms: TT,L/C
- Supply Ability: 300000/Year

Product Specification

- Series: DD/DJ/DL
- Key Words: Air Cooler
- Product Type: Air Cooler
- Capacity: 2.4KW
- Heat Transfer Efficiency: High
- Tube Material: Copper
- Defrosting: Electric Defrosting
- Expansion Valve: Danfoss
- Highlight: **Copper Tube Cold Room Evaporator,
Slotted Fin Cold Room Evaporator,
Galvanized Steel Casing Cold Room Evaporator**

Product Description

Experience the Power of Pure
Refreshing Air with DaMai Air-Cooled Air Cooler

EVAPORATOR

DaMai Air-Cooled Air Cooler

a perfect blend of performance, elegance, and innovation. Designed to deliver a powerful cooling experience with energy efficiency in mind, this advanced air cooler harnesses the natural force of wind and water to provide a refreshing breeze that revitalizes your space.

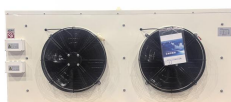

With its sleek design and whisper-quiet operation, the DaMai cooler is ideal for homes, offices, and industrial environments alike. Engineered with cutting-edge air-cooling technology, it ensures fast, even air distribution while maintaining eco-friendly performance and low operational costs.

Let DaMai transform your environment into a haven of comfort and freshness — naturally cool, effortlessly powerful.

Product Description:

This air-cooled evaporator is specifically crafted for cold storage purposes. It boasts a compact design, high efficiency in heat exchange, and straightforward installation process.

This unit is intended for cooling medium to low-temperature chambers, delivering consistent and evenly distributed cooling that guarantees ideal storage environments for perishable items.

Features:

High-efficiency aluminum fins and copper tubes for enhanced heat transfer

The air conditioner unit is equipped with high-efficiency aluminum fins and copper tubes that are designed to maximize heat transfer for improved performance.

High-performance external rotor fans with low noise and strong airflow

Its high-performance external rotor fans are specially crafted to provide low noise operation while delivering powerful airflow.

Powder-coated or stainless steel casing for corrosion resistance and durability

The protective casing of the unit is either powder-coated or made of stainless steel, ensuring resistance to corrosion and providing long-lasting durability.

Built-in electric defrosting system (optional)

An optional built-in electric defrosting system is available to prevent frost buildup and maintain efficient operation in cold conditions.

Customizable coil size, fan configuration, and voltage options

You can customize the coil size, fan configuration, and choose from different voltage options to meet specific requirements and preferences.

Easy maintenance and long service life

The air conditioner unit is designed for easy maintenance, ensuring hassle-free upkeep and boasting a long service life for extended use.

Zhejiang Damai Cold Chain Equipment Co.,Ltd.

Zhejiang Damai Cold Chain Equipment Co., Ltd., is a leading manufacturer of refrigeration units, like condensers, air coolers, all kinds of units, and solution provider for cold storage rooms.

We, Damai Cold Chain, are located in Zhejiang Province China, already supplied our machines, designing and installation services to more than 80 countries and districts clients in the world.

At present, we can supply clients for Bitzer, Copeland, Danfoss, Carrier, Damai and other brands compressors and refrigeration units, we also can supply clients for OEM & ODM service.

We want to establish a bright future with potential partners together!

Technical Parameters:

Fan Qty	1~4
Casing Material	Galvanized Steel
Noise Level	Low
Expansion Valve	Danfoss
Heat Transfer Efficiency	High
Product Type	Air Cooler
Capacity	2.4KW
Fin Type	Slotted Fin
Key Words	Air Cooler
Fan Type	Axial Fan

Applications:

Food cold storage facilities are commonly used for storing various perishable items such as meat, seafood, vegetables, and dairy products. These storage areas are equipped with temperature-controlled environments to maintain the freshness and quality of the stored food items.

Pharmaceutical storage rooms are essential for maintaining the efficacy and safety of pharmaceutical products. These storage facilities are designed to meet specific temperature and humidity requirements to ensure the integrity of the medications and vaccines stored within them.

Cold chain logistics centers play a crucial role in the transportation and storage of temperature-sensitive goods. These centers are equipped with state-of-the-art refrigeration systems to maintain the required temperature levels throughout the supply chain.

Supermarket refrigerated rooms are used to store a variety of perishable items, including fresh produce, dairy products, and frozen foods. These refrigerated rooms help supermarkets to extend the shelf life of their products and ensure they remain fresh for consumers.

Agricultural produce preservation is important for prolonging the shelf life of fruits and vegetables. Proper storage facilities with controlled temperature and humidity levels help to prevent spoilage and maintain the quality of the agricultural produce until it reaches the market or consumers.

Customization:

Product Customization Services for the Cold Room Evaporator:

Brand Name: DM

Model Number: DM-COOLER-DD/DJ/DL

Place Of Origin: China

Certification: CE ISO

Minimum Order Quantity: 1

Price: 1000-100000

Packaging Details: Customization

Delivery Time: 20 days

Payment Terms: TT, L/C

Supply Ability: 300000/Year

Key Words: Air Cooler, Air Cooled Evaporator, Evaporator In Refrigeration System

Fan Qty: 1~4

Fan Type: Axial Fan

Series: DD/DJ/DL

Capacity: 2.4KW

Support and Services:

The Cold Room Evaporator product comes with comprehensive Product Technical Support and Services to ensure optimal performance and efficiency. Our team of experts is available to assist with installation, troubleshooting, and maintenance of the Cold Room Evaporator units. Additionally, we offer training sessions and resources to help users maximize the benefits of the product. Our commitment to customer satisfaction extends to providing timely and effective technical support to address any issues or questions that may arise.

FAQ:

Q: What is the brand name of the Cold Room Evaporator?

A: The brand name is DM.

Q: What is the model number of the Cold Room Evaporator?

A: The model number is DM-COOLER-DD/DJ/DL.

Q: Where is the Cold Room Evaporator manufactured?

A: The Cold Room Evaporator is manufactured in China.

Q: What certifications does the Cold Room Evaporator have?

A: The Cold Room Evaporator is certified with CE and ISO.

Q: What is the minimum order quantity for the Cold Room Evaporator?

A: The minimum order quantity is 1.
